Align Stacking Chair

The Align Stacking Chair is a versatile seating solution designed for conference rooms, training areas, lecture halls, education spaces, and other high-use commercial environments. Featuring a strong 4-leg steel frame and lightweight polypropylene seat, it delivers dependable performance while remaining easy to handle and reposition.

Available in a range of configurations, including armrests, tablet arms, task chair, and drafting chair variations, the Align Stacking Chair can be adapted to suit different workplace and learning requirements. Its stackable design also supports efficient storage and quick room reconfiguration, making it a practical choice for flexible, high-traffic spaces.
