LUGANO TABLE COLLECTION

The Aurora Lugano Collection presents a sophisticated range of tables and workstations tailored for contemporary workspaces. Its sleek tube leg design reflects the popular post-modern and curved aesthetic, seamlessly merging style with functionality.

Offering extensive customization options, the Lugano Table is well-suited for commercial environments, breakout areas, and boardrooms. Furthermore, the Lugano Workstation features rounded legs and an adjustable beam, enabling flexible configurations to support teams of two or more in back-to-back setups.

With Aurora, the opportunities for innovative design are boundless.
