Student Beam Seating

The Student Beam Seating system offers a durable and cost-effective seating solution designed for schools, waiting areas, libraries, reception zones, and other high-traffic public environments. Featuring robust polypropylene seat shells, it provides reliable everyday performance while remaining easy to maintain.

Available in a range of colours, with optional upholstered inserts for added comfort, the system can be tailored to suit different interior schemes and project requirements. With 2, 3, 4, and 5-seater configurations available, Student Beam Seating provides flexible capacity options for both compact and larger spaces, making it a practical choice for organised, high-volume seating areas.
